**2024-2025**

**Brevium**

Brevium mines patient appointment data and uses communication best practices to return inactive patients to the office and keep active patients coming back, thus improving patient care, filling practice schedules, and increasing revenue.

*Organization Contact:*  
Trevor James  
tjames@brevium.com

**Dedicated IT**

Dedicated IT specializes in providing customized IT solutions for medical practices, allowing them to focus on delivering exceptional patient care. The company offers a tailored IT support model designed to simplify healthcare IT for providers, drawing on decades of experience in the industry.

Dedicated IT understands the unique needs of the healthcare sector, focusing on four pillars: support, security, hosting, and strategy. Service pods have been created to cater to the size and specialty of each practice. This approach helps build rapport, institutional knowledge of IT infrastructure, and ensures efficient handling of support tickets for seamless operations and secure patient data.

**Epionce**

Dermatologist-developed and clinically proven, Epionce is a physician-strength skin care line rooted in hard science and integrates over 20 years of clinical skin research. Formulated with antioxidant-rich botanical blends and barrier-boosting ceramides, Epionce optimizes the health of the skin by working with its own protective and reparative systems. Over 15 independent trials have proven the products are safe and effective in helping to reverse and prevent visible skin aging and symptoms of skin disease. Multitasking regimens are simple to use and are customizable to meet any aesthetic goal.

### **Healthcare Compliance Pros**

At Healthcare Compliance Pros (HCP), we understand that the healthcare industry continues to face a significant amount of regulatory oversight in HIPAA, OSHA, Corporate Compliance, and Human Resources.

Many healthcare organizations have struggled to find an efficient, simple, and cost-effective way to stay current with these high overhead, low reward liabilities. Having seen this frustration firsthand, HCP has created innovative online tools and comprehensive compliance support to address these needs.

**The Auctus Group**

The Auctus Group provides growth opportunities for plastic surgeons and dermatologists by supporting and developing the business end of their practices. We are a team of driven, diligent, forward-thinking individuals that have joined together to build a better approach to medical billing and consulting. We know the value of the countless hours and tireless work our clients put into their practices as small business owners, and we match it with our own. Our goal is to provide our clients with the support they need administratively, operationally, and financially so they can concentrate on what they love, being surgeons and physicians, while we deal with the business end.

*Organization Contact:*
